Q - What is the purpose of knowing Members ages?

A - There are several reasons we need to know members ages. It helps when planning games and events, we know how many prizes to purchase for what age groups. Also we need to know which wrist bands to issue so the safety patrol and police officers can monitor under age drinking.

Q - What is this I hear about Fire Extinguishers?

A – This is a safety issue “every camp site” must have a Fire Extinguisher; rather you’re in a tent or a self contained unit it’s a must. This is for your own safety and everyone else's.

Q – Can we have campfires?

A – We are waiting for final instructions from the NPS if they allow please remember do not put anything in your fire other than wood. That means no cans, bottles or items that will not completely burn. You must extinguish your campfire or have it attended at all times. Covering your fire with sand is not acceptable since the possibility of someone walking on hot coals exist and the NPS does not want the burnt wood left on the beach.

Q- Do I have to complete the registration form?

A- Yes all questions must be answered; if not your application will be held until your information is received.
